Discussion concerning Meet 1 at Elma

Remind kids to put their hair up and to remove coats/sweatshirts before entering arena.

The blue barrels are a concern in the arena at Elma. The horses can not see them. Joann will look into getting covers for the barrels from Les Schwab.

Remind kids to pay attention to where they are in the arena. To many kids crashed into the wall during daubing. We will have the same cows at Tacoma Unit.

Talk to kids about respect for adults. Especially in the warmup arena.

Help parents understand the importance of limiting the number of kids in the warm up arena at one time.
