In the scholarship account there is \$1850.00 it will drop to \$1300.00 once the scholarship is paid. Carol sent invoices for 97 riders @\$45.00 for a total of \$4365.00 she also invoiced us \$75.00 for additional insured but we may not have any other then half of Cowlitz so that will be checked on before payment is made. \$60.00 for Kelso camping at PNWIC needs to be paid by the district, Rebecca will double check to see if we actually paid that back in September or if it got over looked.

Jolene will make copies of Judges sheets so we will be spending less money then using the carbon copy paper but will still have to spend some money on the copies.

We will collect no money at the meets for camping, stall or extra shavings that will all be invoiced by Rebecca so please make sure you turn in accurate counts of each. You may write one check for all or break it down by each category however no more then 3 checks and don't send in checks from riders or parents. Stall fees will be \$65.00 with 2 bags of shavings or \$55.00 with no shavings and Camping will be \$20.00 per night.

The district will cut a check for \$1480.00 for sound system and Kurt will pick up the rest until we have some cash flow. Jeff has a receipt for chalk of 9 bags would like 10. He would like to get 20 cones and some other stuff that would be around \$100 possibly another \$100 for a gate that we are missing. Next year lets put a maintenance supplies fee in our budget so we can purchase things to keep up on like the trailer tabs and supplies. He requested \$200 to spend on the items we need all present agreed. There was a request to leave the team flags in the equipment trailer for each meet. Also, there was a request to label the poles 8' 10' 12' on the ends so we know what we are taking out of the trailer. Jeff asked to leave extra poles out of the trailer we don't use because right now trailer weights 6200lbs.
